

GAVEL ENDS
SESSION OF
CONGRESSMOST NOTABLE ASSEMBLY
FOR GENERATION
IS FINISHED.

\$200,000,000 BILL SIGNED

PRESIDENT'S POLICIES
FOLLOWED ALMOST
IN ENTIRETY.

WASHINGTON, Sept. 8.—The first session of the sixty-fourth congress came to an end at 10:02 today. The most momentous session of any congress for a generation closed as President Wilson signed the administration \$200,000,000 revenue bill, last of a long series of important measures which have occupied the attention of the nine months' sitting.

Ten o'clock this morning was fixed as the hour of adjournment by a joint resolution adopted by both house and senate, and the fall of the gavel of Vice President Marshall and Speaker Clark dissolved congress until December fourth.

The drop of the gavel was a signal for a general scramble to get away from Washington and senators and representatives hurried away to get into the political campaign.

The proceedings in the house were deadly dull. It had been intended that the lower body would be held in session until a set program of political speeches had been completed but as soon as word was received that the senate had "shut up shop" one minute before 10 o'clock, permission was hurriedly granted various members to "extend their remarks in the record," and at 10:02 the house adjourned sine die. No business was transacted at the morning session. In the senate just before ten, Senator Kern, the majority leader, and Senator Smoot, representing the republicans, took the center of the chamber and made the formal announcement that the joint committee had ascertained from the president that he had no further business to lay before congress.

The usual vote of thanks to the officers of the two houses were adopted in a hurry just before adjournment.

Within a few minutes of the drop of the gavel in both houses, the president left the capitol to return to the White House. He stopped on his way to allow photographers to take his picture.

President Wilson went to the capitol at 9:15 and immediately went to his office in the senate wing where he was to remain until sine die adjournment of congress. The president planned to sign all bills passed as quickly as possible in order to prevent the "too far turning back" of the official clocks of the two bodies.

The president signed the revenue bill at 9:30.

In his room in the senate wing, the president immediately began signing the bills awaiting his signature.

Senators Simmons and Hughes were with him as he signed at 9:30 the emergency revenue measure, the last big legislative effort of the congress. The general deficiency appropriation bill and various minor measures were ready for the president's signature and he went at the work with energy and dispatch.

The senate pattered along with miscellaneous discussion after Senator Owen had announced that he had abandoned his fight for the corrupt practices bill to clear way for adjournment.

In the house Representative Harrison of Mississippi, improved the idle hour by making a defense of the administration's Mexican policy.

The house named Representatives Kitchin, Fitzgerald and Mann as a committee to notify the president that congress was ready to adjourn. They hurried to the senate side and joined Senators Kern and Smoot, named as the senate members of the committee. The committee joined the president in his room and at 9:45 a. m. he told the members that he had no further communication to make to congress.

Not in the history of the federal government has a president of the United States had the complete legislative support accorded President Wilson during the present session of congress. Practically every legislative proposal advanced by the administration has been written into law. Every policy of the administration which has asked for legislative justification has received it. Despite revolts against the preparedness program and against the for-

Briske demand for stock on Wall Street.
Senate approves purchase of the Danish West Indies.
Georgetown, quaint old place, now is part of Washington.
Gavel ends session of congress.

FOREIGN.

Russians push offensive in Galicia.

KILLS WIFE RATHER
THAN ACT LIKE A
NORMAL HUSBAND

CHICAGO, Sept. 8.—Because his mother-in-law insisted that he live with his wife on a "normal husband and wife basis," instead of on a "spiritual plans," as he intended, J. M. Pettit, Cedar Rapids, Iowa, bank cashier, cut his wife's throat to "save her soul" and fled, he confessed to police after his arrest here today, officers say.

Pettit's confession, according to local police, says that when he married he expected to maintain merely a "spiritual relationship" with his bride and did so. Finally his wife's mother interfered, he said, and told him that if he didn't assume the obligations of a regular husband his wife might be persuaded to seek the company of other men.

This made him jealous, and although he had no suspicion that his wife had been untrue to him, he decided to kill her to save her "purity." It was while in a rage, brought about by his mother-in-law's interference, that he cut his bride's throat with a razor and fled, his confession says. This was August 31.

He went to Detroit, where he once attempted to kill himself so he could join his wife "in spirit," but his attempt failed. He was arrested near there and brought here.

BRIDE IS KILLED BY
A FORMER ADMIRER

CLEVELAND, O., Sept. 8.—Because she would not elope with a former admirer, Mrs. Mary Bickowitz, 17, bride of three months, was shot and instantly killed early today by Edward Kozak, 25, of Lorain.

Kozak then turned his pistol on himself and inflicted a wound which resulted in his death before he reached the hospital where he had been sent by police.

Police say that Kozak spent all of yesterday pleading with Mrs. Bickowitz, whose husband was in Lorain, to go away with him. He left the woman's home late in the evening but returned after she and other roomers retired. Gaining entrance unnoticed he went to his victim's room and opened fire. Roomers attracted by the shots arrived in time to see Kozak shoot himself.

ACCUSED OF WHITE SLAVERY.

BOWLING GREEN, O., Sept. 7.—Grant Riggles, 45 years old, and Florence Lovejoy, 15, were arrested here on a white slave charge referred by the Logansport, Ind., authorities. The man has been alleged as the girls' stepfather, it is alleged. They were returned without requisition papers.

The Rev. J. D. Darling,
Exonerated By M. E.
Conference Committee

SATURDAY'S PROGRAM.

Devotions.
Conference Business.
Address, Bishop Thirkield, "Ministry of Intercession."
Address by Bishop Welch, "The Relation of the Pastor to Social Service."
At 2 p. m., Anniversary of the Conference Synodical Board, James Gamble, presiding.
At 4 p. m., "The Self-Mastered Life," Dr. F. Watson Hannan.
From 4:30 to 7:30, Ministers' Wives' Association at Trinity, Mrs. M. M. Figgley presiding.
At 7:30, Anniversary Epworth League, Rev. Dan B. Brummitt, speaker; E. F. Tittle presiding.
At 8:15, Anniversary of Board of Sunday Schools; address by W. S. Bovard; D. E. Helms, presiding.

The committee appointed by the West Ohio Methodist conference to investigate into the rumors which have been circulated concerning the Rev. J. D. Darling, former secretary of the Ohio State Sunday School association, at the general offices in Columbus, reported this forenoon. Dr. Darling was exonerated of any and all guilt and relieved of any and all charges filed against him. The report of the committee was received.

SUNDAY SERVICES.

The following members of the West Ohio conference will preach in the city churches, Sunday:
Market Street Presbyterian: W. A. Robinson, 10:30 a. m.; A. E. Smith, 7:30 p. m.
Olivet Church: Frank W. Lynch, 10:30; Geo. W. Bunton, 7:30.
First Baptist: J. R. Colly, 10:30; J. C. Shaw, 7:30.
Central Church of Christ: H. E. Armacost, 10:30; D. A. Hall, 7:30.
First United Brethren: J. A. Hoffman, 10:30; O. L. Utter, 7:30.
Calvary Reformed: W. N. Shook, 10:30; J. S. Altman, 7:30.
Epworth M. E.: E. W. Blodgett, 10:30.
South Side Church of Christ: A. E. Strother, 7:30.
First Christian: Clark L. Gowdy, 10:30; D. P. Holt, 7:30.
High Street U. B.: R. E. Rhoads, 10:30; W. E. Ice, 7:30.
Spring Street Lutheran: Edwin Burdick, 10:30; Charles Bennett, 7:30.
Second Baptist: J. R. Gottschall, 10:30; S. T. Walker, 7:30.
First Congregational: J. C. Roberts, 10:30.
Trinity M. E.: Dr. F. Watson Hannan of Drew Theological Seminary, 10:30.

Dr. Darling had been charged with receiving letters from young girls with whom he came in contact. His case was brought to the conference on the charge of acting with indiscretion. He has a wife and children. Dr. Darling will be given an appointment at the close of the conference. Report on the Edge Case.

The Rev. Hibbard J. Jewett, of Xenia, formerly pastor of Grace church of Lima, read the report on

the investigation into the charges against James Edge, for a year in charge of the Second street Methodist church and who last fall was assigned from Lima to Westville. He refused to accept this pastorate and left for the east. The charges against him concern this refusal and investigation was made on the charge of insubordination.

The report found him guilty of violating the law of the Methodist church in not accepting this pastorate, the evidence being such that his withdrawal was recommended from the conference and the secretary was ordered to return his parchments.

The investigation into charges made against the Rev. Albert S. Bowersox of the Western avenue church, Toledo, goes on behind closed doors in Olivet church. He is charged with improper relations with women parishioners and with violating the authority of E. E. McCammon, his district superintendent, who

ordered him not to preach in his church. He sought the aid of the civil law and conducted services therein.

Sunday To Be Big Day.
Sunday will be a great day at the West Ohio Methodist conference. In all the church of Lima affiliated with the Pastors' union, visiting ministers all doctors of divinity, will fill pulpits, both morning and evening.

The services at Grace church will begin at 9:30 o'clock with a conference love feast, which will be in charge of the Rev. D. Lee Aultman of Cincinnati. The sermon at 10:30 o'clock will be given by Bishop Wilbur P. Thirkield. From many of the charges near Lima will come hundreds of people to attend the conference and hear the splendid address.

Deacons and elders will be ordained at three o'clock. At 4:15 p. m., an experience meeting, under the direction of the Retired Ministers' association, will be held. Bishop Thirkield will deliver an address.

In the evening at 7:30 o'clock, the sermon will be by Bishop Herbert Welch, formerly connected with the Ohio Wesleyan university at Delaware and recently elevated to the position of bishop.

All these meetings will be held in Grace church.

Sixteenth Arrest
Made In Riot Case;
Six Out On Bond

Another arrest in the case of the state of Ohio versus Milton H. Spyker, et al., was made at 1:30 o'clock this afternoon.

Thomas Patton, an employee of the Lima Cut Stone Company, was arrested while on a truck at the company's quarry. Like the rest of the men apprehended in connection with the riot of last week, he is charged with "assaulting an officer for the purpose of lynching." His indictment was returned yesterday but he was not located until today.

The total number arrested to date is 16. There is another indictment in connection with the attempted lynching, but it will be kept secret until service is secured and the accused man taken into custody. It is not improbable, moreover, that after cleaning up the customary raft of "small" cases dealing with abandonment, contributing to the delinquency of minors, petit larceny and similar matters, the grand jury will again return to the Daniels affair and its sequel, the attempted lynching, for further indictments.

Work before the grand jury is progressing more slowly today. Only two witnesses were examined before press time today, indicating that those summoned were closely examined and that their information was voluminous.

Prosecuting Attorney Ortho O. Barr is personally in charge of the case involving the near-lynching, while Assistant Prosecutor Harry O'Connor is taking charge of the lesser cases for the time being, giving only part of his attention to the more important ones.

Six of the accused men were released under \$1,500 bond late yesterday afternoon and this morning. Arthur C. Shappell was the first to secure bail. The Hooker brothers were next, and Long was also able to secure release at a late hour. Irwin Zerkle, the farmer from near Kemp, was released early this morning.

SOLDIERS' SWEETHEARTS
MAY BECOME 'WIDOWS'

KANSAS CITY, Sept. 8.—The minister of justice of the Grand Duchy of Baden has decided that girls who have been formally engaged to soldiers killed in the war may assume the names of their dead sweethearts and call themselves widows, as though they had been married. This decision is important, because many of the girls are the mothers of "war babies" whose birth will now be legitimate.

ESCAPED CONVICT ARRESTED.

GALLIPOLIS, O., Sept. 8.—Frank Canoy, formerly of Gallipolis, escaped from the Moundville, W. Va., prison, was arrested here today and taken back to serve his time.

RIOTING STARTS IN
NEW YORK STREET
CAR TROUBLE TODAYStrike Sympathizers Attack
Cars and Are Clubbed
Back By PoliceSHOTS FIRED FROM ROOF
Union Men Reported to Be In
Revolt Against Their Leader,
Fitzgerald

NEW YORK, Sept. 8.—Serious rioting broke out in the street car strike at noon today. While noon crowds filled 23rd street, about 40 strike sympathizers attacked a cross-town surface car at Ninth avenue, endeavoring to pull the conductor and motorman from their posts.

The police attacked the rioters, using their clubs for the first time since the strike began. The strike sympathizers immediately scattered.

Twenty minutes later there was another riot call from 23rd street and Eighth avenue. Two men were battered by the police, but no arrests were made.

Shots were fired in the strike of traction employees today for the first time. The target was a train on the Ninth avenue line which had just pulled into the Fifteenth street station. Just as the motorman brought the train to a stop four shots were fired at it from the roof of a nearby house.

None of the passengers or train crew were injured, but they were panic stricken. Rushing from the train, both passengers and workers took refuge in the station until assured there was no further danger.

Shortly afterward two more trains on the same elevated line were bombarded with bottles near 44th street. Several windows in the train were broken and a passenger was cut by flying glass.

These attacks on the elevated trains were followed by a thorough search of roofs along the thoroughfare but the police found no one on them.

On the Ninth avenue line one train was attacked at 18th street. A brick thrown from a roof smashed a window and cut a passenger.

The general situation on the subway and elevated lines was unchanged today. The trains were running practically schedule time bearing out the reiterated statements of the Interborough Rapid Transit officials that the strike was a failure.

On the surface lines of the New York Railways Company more cars were being operated early today than were running during the same hours on Thursday.

Grumblings of discontent are already heard among the employees who obeyed the order of Organized Fitzgerald to strike. There is a movement on foot to depose this leader and sue for peace with the traction companies.

Fitzgerald himself said that he was not disheartened by the situation, though it was not as favorable as he expected it would be.

"We must win," he said. "I think we shall."

Further discouragement was given the strikers when the employees of both the Second avenue and the Third avenue railways refused to walk out. They decided that there was no reason for entering the struggle.

The public service commission today continued its investigation of the causes leading up to the strike. Mayor Mitchell also took a hand in the situation, arranging for a conference with the commission's chairman, Oscar Straus.

BOY DROWNS IN LAKE.

CLEVELAND, O., Sept. 8.—Police and life savers are dragging the lake off East 40th street for the body of Louis Gorska, 13, who was last seen playing on a raft just before a heavy rainstorm broke late yesterday.

SUICIDES IN PUBLIC SQUARE.

CLEVELAND, Sept. 8.—A man thought to be John Grooms of Buffalo, N. Y., from a tag in his coat pocket, drank the contents of a bottle while sitting on a bench in public square this morning and died in a few minutes. He was well dressed and neat appearing.

Christiansburg, is the oldest man in point of service in the entire conference. He will be placed on the retired list this year. He is President at the conference and is stopping at the home of Mr. and Mrs. R. O. Bigley, of 751 West Market street.

These assaults were delivered the sector of Berny-En-Santerre and Chaubert and they not only bro down, but the Germans left 2 prisoners in the hands of the French.

CHARLIE CHAPLIN AGAIN!

now scores of new, stylish, beautiful fall hats are ready for you. come and see them try them on. you're welcome to price them--be sure to price them. that will be your sure prize.

Hats also sold on a lower margin.

1. The first step is to identify the problem. This involves understanding the current situation and what needs to be changed.

SYNDICATE CLUB TO MEET IN LIMA FOR 2 DAY SESSION

One of the largest gatherings of manufacturers' representatives ever held in Ohio, is scheduled to meet in Lima, Saturday, when the Syndicate Club, which is composed of manufacturers' representatives selling the Garford Motor Truck company material, together with Garford Motor Truck company officials, will meet in Lima tomorrow morning. Following an inspection of the Garford plant, the party will have dinner at the Lima House, and at 2:30 leave for Orchard Island in motor cars and busses, to spend the remainder of the day and Sunday.

The festivities will be in charge of A. R. Tarr of the Orchard Island Hotel, assisted by Mr. Hockaday, manager of the Lima House. The party expects to return to Lima, Sunday evening.

"SOUL MATES" TODAY!
For last time at Royal, 5c.

Forget Your Aches.

Stiff knees, aching limbs, lame back, make life a burden. If you suffer from rheumatism, gout, lumbago, neuralgia, get a bottle of Sloan's Liniment, the universal remedy for pain. Easy to apply; it penetrates without rubbing and soothes the tender flesh. Cleaner and more effective than musky ointments or poultices. For strains or sprains, sore muscles or wrenched ligaments, resulting from strenuous exercise, Sloan's Liniment gives quick relief. Keep it on hand for emergencies. At your Druggist, 25c.

MRS. DAVIS, AGED 90, CLAIMED BY DEATH

Mrs. Marie Davis, 90 years old, widow, died this morning at nine o'clock at the home of her brother, 1135 East Second street, after a short illness of two weeks. Her death was due to paralysis. Three sons survive: Thomas L. Davis, of this city, C. L. Davis, Jenera, O., and L. A. Davis, of Bellefontaine, O. Funeral services will be held at the home of her son in this city while burial will be made at Belmore, O. The date of the funeral has not as yet been set.

FINE FOR SPEEDING.

Wesley Boland, employee of the Graham Ice Cream Company, was arraigned in criminal court this morning on a charge of speeding. He pleaded guilty and was fined \$5 and costs.

Boland who drives an ice cream truck was going north on Pine street last night when the fire alarm tapped. Anxious to be present at the excitement he hit his engine up for a pretty lively rate of speed. Just at this time, Motorcop Thomas happened to be sticking around and "nailed" him.

YOUNGSTOWN—The funeral of Dr. H. C. Huffman, oculist, who died yesterday after a 10-day fast will be held Sunday at the home of his brother here. Coroner Jones is to conduct an inquest.

DRINK HOT WATER BEFORE BREAKFAST

Says you really feel clean, sweet and fresh inside, and are seldom ill.

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of undigestible material, which, if not eliminated, forms toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Men and women with sallow complexion, also those who wake up with a coated tongue, bad taste, rasy breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphated hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store, but is sufficient to demonstrate that just a loop and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

JENNINGS DISTRICT CANDIDATE FOR THE ELECTORAL COLLEGE

(Continue from page one)
very nearly ready for the "doubtful" class.

Headquarters for the coming campaign will be, as anticipated, on the Morris Arcade, ground floor. Charles W. Baxter, assistant secretary of the democratic county executive committee, will be in charge of the rooms. He was selected last night at a special session of the committee.

Plans for the campaign are still unformulated, though it is expected that two big city meetings, with Governor Cox and Senator James of Kentucky as headlines, will be staged during October. In case President Wilson makes a canvas throughout the country, it is doubtful whether or not he will get closer to Lima than Dayton or Toledo. So for the national administration's personal representative to speak here Secretary of War Newton Diehl Baker, or perhaps Senator Owen, father of the Owen-Keating child labor bill, may address Allen county democrats.

The central committee is scheduled for a meeting Tuesday evening at seven, at the new headquarters. In case they are not ready for occupancy the session will be at the court house in the assembly room. The next session of the executive committee is to be held Thursday at headquarters.

DAMAGE SUIT FILED.

Roscoe C. Rogers, of Lima, has filed a suit against the C. H. & D. railroad company, Judson Harmon and Rufus B. Smith, receivers, for damages to the extent of \$5,000. He alleges that on April 2, 1916, he was injured seriously in the scalp and on the head and left shoulder by the falling of a freight car door, which jolted loose from a boxcar as he was standing alongside track three in the north Lima yards. His attorneys are Henderson and Durbin.

THE IDLER

F. P. Sevier, Lima branch manager of the Fisk Rubber Company, has returned from a trip to Chicago and Cleveland where he attended conferences of central and Ohio districts.

Dr. G. A. Bachmayer is pending the month in Chicago, doing post-graduate work.

The central and northside fire departments were called to the residence of Lee Cotler, rear 122 East Pearl street, last night at 9:30 o'clock to extinguish a blaze which had gained a good headway. The estimated damage to the building is \$100, while the loss of goods is placed at \$10. This is the fourteenth time the indicator has tapped during the last seven days.

Motion pictures of a new road building truck manufactured by the Garford Motor Truck company, are being shown at the Faurot theater today. The machine is a six-ton truck, carrying a five-ton load, and pulling a trailer with a seven-ton load, making a total of eighteen tons being carried by the motor. The outfit is one that should prove a boon to road builders.

A marriage license was issued this morning to Lewis Grant Thomas and Miss Ina Pauline Clements, both of Lafayette.

PERSONALS

Mr. and Mrs. Thomas J. Maple, of 724 West Spring street, are entertaining over the Methodist conference, Mr. and Mrs. John Pangle, of Columbus Grove.

The misses Ruth and Gail Howay left today for Delaware, where they will attend college at Ohio Wesleyan University this year. They are daughters of the Rev. M. C. Howay and Mrs. Howay, of East Elm street.

CLEVELAND—News dealers are charging 1 cent more a copy for out-of-town papers because of the advanced cost of print paper.

SEASONS WORK IS PLANNED BY Y.M.C.A. LEADERS

Plans for the season's work at the Y. M. C. A. are rapidly taking definite form. At a meeting of the membership committee last evening, a program was thoroughly discussed and the tentative plans of a previous meeting of the committee to organize a campaign for new members the latter part of September was definitely decided upon. Last year in a similar effort, two hundred new members were enlisted in the association. This year the committee realizes that there has been a large number of new men come to the city who can be secured in an effort of this kind, while at the same time a good many of the old members will be held in the association ranks by the enthusiasm generated in the campaign.

September is the time when young men begin to cast about to see where they can best spend their spare hours in the lengthening evenings. If the privileges of the Young Men's Christian association are presented to them in an attractive and interesting way there will be a great increase in the membership of the association.

Dan Tripplehorn, the chairman of the membership committee for the past year and who has served very efficiently, expects to be out of the city during most of the month and has therefore asked that somebody else assume the responsibility of the chairman. At the meeting last evening, Elmer McClain consented to serve in this capacity. Ever since Mr. McClain has been in the city he has shown a most enthusiastic interest in the Y. M. C. A. and has been in practically every campaign conducted by the association for the past several years.

Plans of the organization were discussed at length at the meeting and will be finally determined upon at a meeting scheduled for next week.

YOUNGSTOWN—The Youngstown & Southern Railway operating between this city and Youngstown, a distance of 20 miles, was today sold at public auction to W. J. Blackburn, representing Boston stockholders. The knockdown price was \$650,000, two thirds of the appraised value.

FREMONT—Owing to the scarcity of cabbage, buyers are paying as high as \$22 a ton for good cabbage.

Last year many growers allowed their cabbage to rot in the fields owing to the low price.

ELYRIA—Engineers and firemen of the Elyria water-works station have petitioned the council for an increase in wages of \$10 a month. Laborers at the plant get \$3 a day for eight hours and car fare, more than the firemen are receiving.

How to Give Good Advice.
The best way to give good advice is to set a good example. When others see how quickly you get over your cold by taking Chamberlain's Cough Remedy they are likely to follow your example. This remedy has been in use for many years and enjoys an excellent reputation. Obtainable everywhere. m-w-11

GINGER AND GREENBACKS
The Republicans have recently taken on Mr. Frank Hitchcock, former postmaster general and spoilsman-in-chief of the Roosevelt administrations, to wake up Republicans throughout the country; to put "ginger" and "pep" into a campaign that has grown alarmingly flat.
Mr. Wilson with all his efforts has been unable to arouse enthusiasm. The "Colonel", thought to be able to do it, has failed utterly. Mr. Herbert Parsons proved inadequate. Former Senator Crane didn't get anywhere at all in his efforts. Hon. Bill Barnes didn't have the heart to make the attempt. A very worthy gentleman from Kentucky, Mr. Hert, was sent to Chicago to make trial of the task but saw only a continuation of the gloom he found. Col. Ralph Cole, of Ohio, came, saw and then threw up his hands. The amiable Mr. Barry, of the publicity bureau, has too much else to do with furnishing Republican arguments for his "news letters" from headquarters, to even think of it. Mr. Cornelius A. Bliss, Jr., was too busy down in the Wall Street district.
What a predicament, therefore, Ginger and pep, or pepper, to spell it out, are absolutely essential in any campaign, notably so in a presidential campaign. They are the salt to the campaign egg, the savor to all the viands set forth for the public. They are to any man's candidacy what punch is to the prize fighter's good arm. They are the voltage in the dynamo that runs the political game.
Realizing this, the Republican managers determined to go to it. As the hart panteth for the water brook, they have been panting for a ginger and pep producer, an enthusiasm inciter of intense resources who could dispel stagnation, infuse jollity and impart confidence; who could fill up the old engine with steam and turn her loose on the big main line.
At last, in desperation perhaps, though we prefer not to think so, all eyes turned to Hitchcock. For some reason, they had several times passed him over, set him aside. As

Early Marriages Often Cause Quick Divorces, Declares Dorothy Dix
Child Wives, With Their Girlhoods' Desire for Gaiety Still Unsatisfied, Are Apt to Regard Home as a Prison, a Husband as a Bore or a Tyrant, and a Baby as a Nuisance.

A SILLY little goose of a girl has been hailed into the divorce court by her husband because she neglected her home and her baby. In her defense the young woman makes this excuse for herself:
"I am barely nineteen now. I am young and pretty, and I just want to have some pleasure in life. I want to go around with the other girls to parties, and the theatre, and to dance, and play tennis, and have a good time. I love my husband and my baby, but my husband hasn't got any right to expect me to be always tied down to a house, cooking and sewing and scrubbing, and to want no other amusement except wheeking out a baby perambulator. Why, I am nothing but a girl even if I am married and have a baby."
And there you have as pertinent an illustration as you could wish of one of the reasons why there are so many divorces. It's youth. Youth that must be served, that cries out for its joy and laughter, its fun and playtime before age comes to take the spring out of its step and the effervescence out of its soul. It's youth whose weak shoulders are not strong enough to bear the heavy burdens of life.
After Rushing Into Matrimony—at 19, Girls Naturally Find it Dull.
There's nothing the matter with this little girl, as there is nothing the matter with hundreds like her who make failures as wives and mothers, except that they have rushed into matrimony before they were ready for it. They are miserable, fretting, whining, complaining wives and neglectful mothers, because they are children who have left their play to assume the responsibilities of grown people, and they are pinning to be back amusing themselves.
If you will look about among your acquaintances you will see that the pleasure mad women, the women who are crazed over society, who can never get enough card playing, or dancing, or restaurant, or theatre going, are invariably women who married when they were very young.
These women regard home as a prison, and their one idea of having a good time is to get away from it. They look upon their husbands and children as burdens, and are forever complaining about the dull monotony of domesticity.
The reason is perfectly plain. They married before they had had their playtime of life, before they had their fill of admiration and gadding about. Therefore, the things that they have missed have always had a fatal lure for them.
On the other hand, you will see that no women are so domestic, such home keepers, such admirable wives and mothers as the women who have married late and who have had a long and happy girlhood. These have been satiated with society and admiration, and are glad to turn from its froth to the real things of existence.
These women know that there is no other good time on earth like the good time that one has in building up a home. They know that the excitement of the most thrilling flirtation does not send the same tingling along a woman's veins as does the look of love in the eyes of her husband.
Marriage is Too Big a Proposition For Anyone But Mature Men and Women.
To them children are not tiresome little brats that keep a woman from doing the things she wants to do. They are the most absorbing and fascinating study on earth, and taking care of them is not a bore. It's a privilege God grants the women He blesses.
Just as nature ordained milk for babies and strong meat for men, so there are certain occupations that are blessings or curses, according to age. Domesticity is one of these, and those who rush into it untimely nearly always make havoc of it. Marriage is a full grown man's and woman's proposition and children have no business mixing up with it.
We have long realized this from the masculine point of view, as is shown by the old proverb that says that no man should marry until he has seen his wild oats. The same principle applies with equal force to women. No girl should marry until

change. He sees a highly artificial-looking temple and pays a quarter to a so-called priest, he sees the inside of what was once a Chinese theater but is now a settlement house, and has opportunity to contribute to this worthy philanthropy; and he goes to a store filled with an incredible collection of totally useless articles and watchful Orientals, where he buys a number of things that he doesn't want.
Incidentally he is told about a certain sensational murder case which was thoroughly exploited in his home paper at the time it happened, and he learns how the Chinese "Tongs" or fraternities made war on each other until they found it interfered with business and then had a picnic on Long Island and made a lasting peace.
But in addition to this commercialized and stage-set Chinatown he will catch a glimpse through narrow doorways of a Chinatown which must indeed have much about it that is quaint and picturesque and to the Occidental mysterious—of tiny shops festooned with long strings of vegetables, and rooms crowded with Chinamen gambling and chatting in a haze of smoke, and of the doorways of queer homes where precocious little yellow babies play on the steps and yellow women peer out cautiously. Yes, doubtless Chinatown has a life and way of its own, but it is perhaps less open to inspection than any of the innumerable other phases of the New York Babel.
BANK IS LOOTED.
DEFIANCE, O., Sept. 8.—Burglars forced their way through a side window in the Sherwood Savings Bank at Sherwood, near here, touched off two explosions of dynamite that wrecked two doors in the vault and carried away \$600 in currency without arousing any one in the village.
HEALTHHINTS
MUCH ILLNESS CAN BE AVOIDED BY SANITATION
Working people lose millions of dollars each year from illness. Yet much of this illness could be avoided if people made every possible effort to live in rooms which get sunlight and fresh air.
When you realize that children, like plants, cannot grow in dark rooms, sunlight and fresh air are worth extra efforts to obtain. Do not use dark rooms, for they are germ breeders.
Do not keep windows down. Windows are made to let light and fresh air into the house. Keep your windows open from the top and from the bottom all the time—day and night, for night air is just as good for you as day air. Then

DULL, SPLITTING SICK HEADACHE
Dr. James' Headache Powders Relieve at Once—10 Cents a Package.
You take a Dr. James' Headache Powder and in just a few moments your head clears and all neuralgia and distress vanishes. "SEE HOW THAT CORN COMES CLEAR OFF!"
"GETS-IT" Loosens Your Corns Right Off, It's the Modern Corn Wonder—Never Fails.
"It's hard to believe anything could act like that in getting a corn off. Why, I just lifted that corn right off with my finger nail. 'GETS-IT' is certainly wonderful!" Yes, "GETS-IT" is the most wonderful corn-cure ever known because you don't have to fool and putter around with your corns, harness them up with bandages or try to dig them out.
"GETS-IT" is a liquid. You put on a few drops in a few seconds. It dries. It's painless. Put your stocking on right over it. Put on your regular shoes. You won't limp or have a corn 'twist' in your face. The corn, callus or wart, will loosen from your toe off it comes. Glory hail! "GETS-IT" is the biggest selling corn remedy in the world. When you try it, you know why.
"GETS-IT" is sold and recommended by druggists everywhere. 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill. Sold in Lima and recommended as the world's best corn remedy by H. E. Vorkamp and M. Keltner.

CORNERSTONE OF NEW M.E. CHURCH TO BE LAID SUNDAY

The cornerstone of the new Methodist church at Beaverdam will be laid on Sunday morning at 10 o'clock. Dr. C. M. Van Pelt, district superintendent, will be in charge of the ceremonies, assisted by the pastor, the Rev. J. F. Pfeiffer. It was through the untiring efforts of the pastor that the new church was started and will be carried to completion.

The building will be of Gothic design and cost about \$10,000. It will subserve the needs of this thriving congregation at Beaverdam. Former ministers who are attending the sessions of the West Ohio conference in Lima, will be present at the cornerstone laying.

"SOUL MATES" TODAY!
For last time at Royal, 3c.

BLUE LICK U. B. CHURCH.

At Blue Lick U. B. church the preaching service will begin at 8:15 a. m. Rev. D. Earl Rhoades, of Mt. Blanchard, one of the members of the M. E. conference now in session at Grace church, will deliver the sermon. Following this service the Sunday school will convene. Christian Endeavor at 7 p. m.

This is the last service of the conference year. Let there be a general attendance. G. W. Lilly, pastor.

SIX TEACHERS ARE GIVEN CERTIFICATES

C. A. Arganbright today announced the successful applicant in the teachers' examination held September 2. Six of the applicants passed their tests with flying colors and will be placed on the waiting list of country school teachers.

E. T. Jennings received a certificate entitling him to teach in rural schools for the next three years. The following received certificates entitling them to teach for the next year: D. W. Rapp, Emma Blank, Florence Zerbst, Mary Brady and John King.

Superintendent Arganbright is very optimistic in regard to the school situation this year. According to early indications, he states that it will be a record year for the number of pupils attending school from the day of opening.

In past years it has been the usual custom for many scholars to remain out of school until after all crops were taken care of. This year more of the older pupils started to school on the first day than is customary.

The next teachers' examination will be held at Lima high school on October 7. It is the intention of the county board to keep the eligible list of teachers at a maximum figure during the coming school year.

Chamberlain's Colic, Cholera and Diarrhoea Remedy.

This is a medicine that every family should be provided with. Colic and diarrhoea often come on suddenly and it is of the greatest importance that they be treated promptly. Consider the suffering that must be endured until a physician arrives or medicine can be obtained. Chamberlain's Colic, Cholera and Diarrhoea Remedy has a reputation second to none for the quick relief which it affords. Obtainable everywhere.

TWO INJURED BY ELECTRICAL STORM

Mrs. Allen D. Apples, 910 Brice avenue, had a narrow escape yesterday afternoon from an electrical storm that swept over the city. She was rendered unconscious by a bolt that shattered a tree in the rear yard and six feet from where she sat reading on the porch. William Boop, while driving a buggy on West Market street, near Charles, was flung from the rig and the horse knocked senseless by lightning which partly demolished the vehicle.

SENATE APPROVES PURCHASE OF THE DANISH WEST INDIES

WASHINGTON, Sept. 5.—The treaty providing for the purchase from Denmark of the Danish West Indies for \$25,000,000 was ratified by the senate last night. There was no roll call and less than half a dozen senators, including Senators Norris, Pones and Clapp, voted against it.

Favorable action on the treaty at this session of congress had been urged strongly by the administration, particularly because of the influence it might have upon the situation in Denmark, where the lower house of parliament has approved it. A fight is being made for ratification in the upper house.

The vote followed several hours of debate in executive session, while the senate was waiting for the conference report on the emergency revenue bill, the only obstacle to adjournment of congress. Finding that no serious opposition developed, ad-

ministration leaders arranged for a recess from 8:15 to 8:30 o'clock to round up a quorum and force final action.

An amendment by Senator Norris to reduce the purchase price from \$25,000,000 to \$10,000,000 was defeated by an overwhelming vote, and the treaty was approved just as it was signed by Secretary Lansing and Minister Brun in New York, Aug. 4.

Negotiations for the purchase of the islands, a little group to the east of Porto Rico, have been in progress intermittently for half a century. Because of their strategic value, particularly since the construction of the Panama canal, the American government has been anxious to acquire them, not only with a view to establishing a naval base there, but to prevent the islands from falling into the hands of any foreign power. German interference was credited with blocking negotiations on the subject in 1902, after the United States had ratified a treaty.

HERE'S CHAPLIN AGAIN!
At Royal tomorrow in "The Bank."

FAIRVIEW AVENUE PAVING WORK IS TO BE AWARDED TODAY

Bids of contractors on the paving of Jackson street and Fairview avenue were tabulated by City Engineer Bryson yesterday. It is likely that the job of paving Fairview avenue will be let by the board of control today. However, the work on Jackson street will not be let, as the bids submitted for brick paving exceeds the estimates of the engineer.

The engineer's estimate on the Fairview bid is \$12,691.01 for brick, and asphaltic concrete, \$11,708.65. Richard Stone was the low bidder for brick paving, with a figure of \$12,377.27. On asphaltic concrete work the Andrews company submitted a bid of \$11,535.07.

The engineer's estimate on the Jackson street paving is \$34,592.05 for sheet asphalt, and \$34,646.53. The figures of the Andrews company for the sheet asphalt work was \$33,773.43. Jameson and Blosser figured the brick paving at \$35,033.53, which is higher than the estimate of the city engineer.

CALLAHANS GIVEN MERITED APPLAUSE AT THE ORPHEUM

The second bill of the Orpheum theater this season compares favorably with the best seen last year during the entire season. The two local boys who are making their bread and butter in front of the footlights are a big hit and a credit to the theatrical world. The audience at all performances yesterday showed their appreciation by calling for them to make their appearance again.

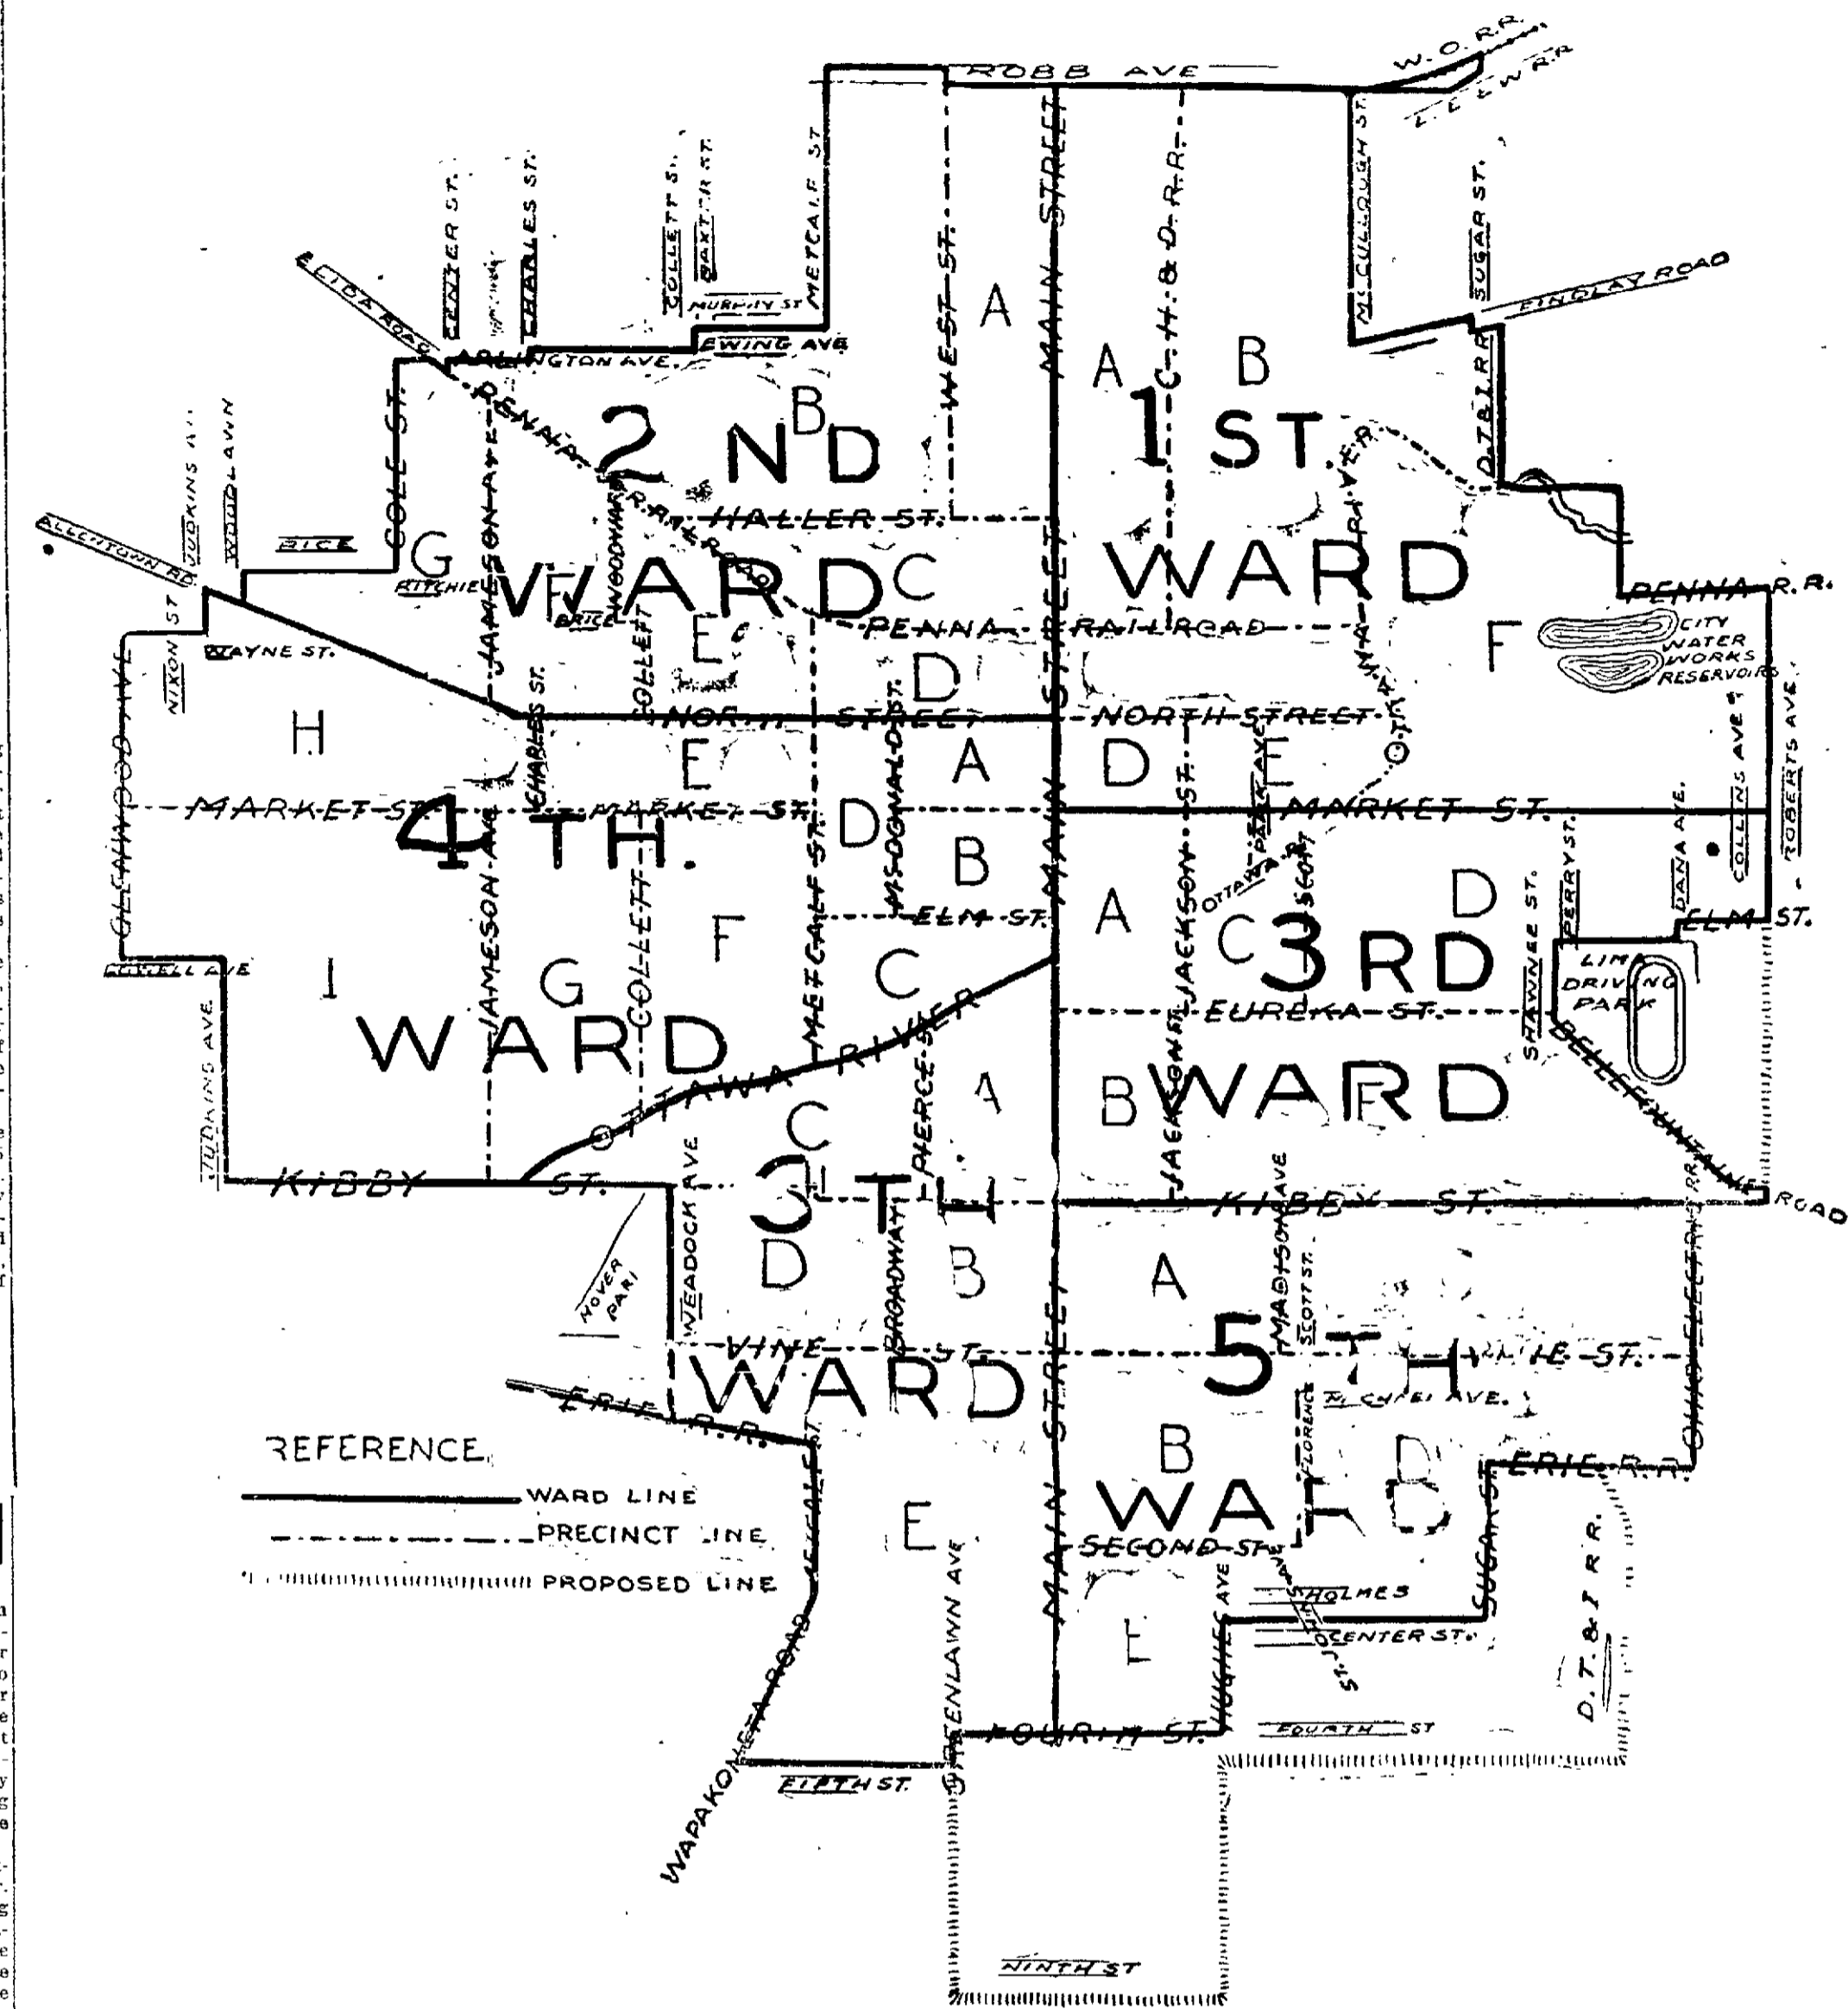

The bill opens with one of the latest acts seen on the stage this year. All of the Hawaiian dances, including the celebrated and notorious hula-hula wiggle are presented for the approval of the audience. All of the costumes worn by the young lady are very appropriate.

The Callahan brothers appear in the second act in a talking and singing sketch. Although the lads have been on the stage but a short time, they have the appearance and confidence of old timers. Charles, the older of the pair, does the black face stunt, and Robert, the other brother, teams with him in an evening dress suit. All their jokes are of the snappy and up-to-the-minute sort. The younger brother proves to be a good vocalist.

"Handkerchief No. 15," a comedy sketch presented by Miss Fremont Benton and company, is very clever and entertaining. In addition to Miss Benton the cast includes Richard Carroll, Con Roddy and Emma Hayner.

One of the features of the bill is the Packard Four. This act is one of the best that has appeared in the city for some time. It consists in the

Boundaries of Lima's New Voting Precincts; Save This Map for Registration Day

main of mirth, melody and terpsichore. Last week the act was seen at Keith's theater in Detroit, Mich.

The bill closes with a cycle act presented by the five Martells. This act is also a big time number. All members of the troupe are artists in their line and it is a treat to seem them perform.

YOUNG WOMAN IS DROWNED.

INDIANAPOLIS, Sept. 5.—Miss Marie Linne, 21 years old, was drowned in White River, near the Ravenswood Beach, one mile north of Broad Ripple park. James Kerin, Jr., 25 years old, son of James Kerin, a motor policeman, nearly lost his life in an attempt to rescue Miss Linne.

CADIZ—Charged with kidnaping Dora Keyser, a young woman in the Tuscarawas county infirmary, stealing an automobile owned by his employer and driving to this city, Harry Umbelbee, of Uhrichsville, a man with one arm and three fingers off the hand of the other arm, was arrested here while he and the woman were waiting the arrival of a train.

FRIDAY, SEPTEMBER 5

WEATHER—Fair tonight and Saturday, cooler tonight.

WHEN TO SPEAK

SOME OF US are far too silent. Some of us talk too much. Opinions vary as to which is the greater evil.

As a matter of fact, I find a chatterbox far more wearying and boring than a quiet, thoughtful friend who only talks when he actually has something to say.

Being a good listener really is an art. It isn't just keeping quiet and letting the other chap talk, but it is taking an interest in what he says and so stimulating him to reveal himself.

Being a chatterbox probably means filling up a conversation with all of froth that there isn't room for anything real to develop. Sometimes it even means starting gossip and slandering and kindred evils. How to talk is another matter. To many of us blunder in little things, and so cause ourselves to be put down a good deal.

In the summer time one makes many new acquaintances. Very often one is judged by one's conduct in a first conversation. Let me give you a few rules.

When you are introduced to someone, the best thing to do is simply to repeat their name quietly after the introducer. At most say "How do you do, Mr. Smith." To slipper out, "Pleased to meet you," is silly. How can you be sure you are pleased? Time will have to prove that.

Don't talk in a loud, boisterous manner and above all don't season poor conversation with cheap, popular phrases, with bits of scandal, with quotations from foreign languages, with efforts to be funny, or attempts to impress your hearers with your wisdom by talking over their heads.

Don't try to monopolize the conversation. Don't interrupt. Don't indulge in whispered asides and and so put the people you exclude from your confidences into an uncomfortable position.

Don't try to impress people with your own importance or that of your friends. Don't talk about yourself.

And now to specific bits of warning to my boys and girls. Don't speak of your "gentleman friend" or your "lady friend." It is taken for granted that the people you know are gentlemen and ladies and insistence only cheapens the idea. Say, "A man friend of mine" or "A girl friend of mine."

Second don't say that you are "keeping company with" any one. If you must tell the fact that you are particularly interested in Tom Jones say that he is very kind to you, or attentive, or that he is a very thoughtful friend or that you see a great deal of him. "Keeping company with" is going with" are cheap expressions not used in good society.

Glasses
You Can Wear and Forget

There's nothing more trying than a pair of eyeglasses that always fall off except a pair that is comfortably fitting.

If you have suffered from discomforts of this kind we invite you to stop in here and investigate our method of eyeglasses fitting. We have made this matter of fitting eyeglasses an art and you'll find no obligation by inquiring about it.

He who has what he does not need, will often find what he cannot buy.

MISS HELEN MACDONALD, of New Orleans, Kansas, was accompanied by her daughter, Miss Helen Macdonald, to the wedding of Mr. and Mrs. J. H. King, at the Lima Hotel.

The guests were seated at three small tables, which were decorated with flowers. Miss Helen Macdonald was the successful bidder of the afternoon, and was awarded a diamond ring.

Guests of the evening were the Misses Lillian and Mary Macdonald, Misses Lillian and Mary Macdonald, Misses Lillian and Mary Macdonald, Misses Lillian and Mary Macdonald.

Mr. and Mrs. Wallace King have returned from a motor trip which included Atlantic City, the Jersey coast, New York City and Philadelphia.

Miss Anne LeFevre of Heron is visiting her mother and family, of West Wayne street.

Miss Abner Hoover, of West Market street leaves the first of the week for Crescent College, Arkansas, where she will study this winter.

Mr. Paul Davis is entertaining Mr. Paul Haupt, of Columbus.

Miss Marian McCloy, who has been the guest of Cleveland friends, is expected home today.

Miss Marie Planton, of Canton, spent a few days recently with Mrs. W. F. Numan, of West Market street.

Miss Florence Coulter, of Wapakoneta, who has been the guest of Miss Esther Wemmer, returned to her home today.

Mr. and Mrs. Thomas D. McLaughlin returned home yesterday from a motor trip to Sagertown, Pa., returning home by way of Cleveland.

The Woman's Home and Foreign Missionary society of the Spring Street Lutheran church will meet on Wednesday, afternoon with Mrs. Kirchbaum, of Greenlawn avenue.

The twenty-fifth wedding anniversary of Rev. and Mrs. M. E. Fuller of Trinity M. E. church will be celebrated by all the congregation in the parlors of the church on Tuesday evening of next week. A number of ladies of the church are planning this event. The music to be in charge of Prof. Mark Evans and Mrs. Kahle, and every member of this congregation is invited to be present.

New York Society Girl to Wed Son of Late Senator Aldrich.

MISS HARRIET ALEXANDER *ONLY FILM*

NEW YORK, Sept. 5.—Miss Harriet Alexander, daughter of this city, announced the engagement of her daughter, Miss Harriet Alexander, to the son of the late U. S. Senator Nelson W. Aldrich, of New York and Providence, R. I. No date has been set for the wedding.

Miss Alexander is a well-known society girl, and has also taken part in charity work for the American Ambulance hospital. She is now vice president of the Junior League, and an active member of the colony club. She is the elder of three daughters. The members of the family are still at their Tuxedo Park home.

Mr. Aldrich is a Harvard graduate, class of 1907, and a member of the Metropolitan Knickerbocker University Sleepy Hollow, Phipps Park and the Sunnyside Country Club. He is the son of John D. Rockefeller, Jr., Senator Aldrich, who died in 1915, left an estate of \$5,000,000.

Daily Fashion Hint

By La Raconteuse.

Rather daring black and white checks are introduced in some of the new fall suits and prove very attractive. The normal waistline is moulded beautifully in this instance and the flare skirt is divided by a row of bone buttons.

Favors of Fashion
BY CLARICE

Some one wondered why the suit was costing so much more this fall than ever before, and why the separate coat was coming into a larger vogue, but the fact can easily be explained when one considers the amount of cloth put into a suit this winter. The coats are longer, knee length and very often longer. The skirts are full and a little longer, and with cloth worth almost twice what it was last year, the advance and the lost prestige of the suit is not so strange as it might be.

Navy blue is a good color this fall, of course it is always good, but last year it took a back seat for the tete de negre shade. Black and white checks are also used, the above picture depicting a style much favored, with excellent lines and a chic, but trig appearance which will appeal to the lover of the tailored. Havana brown will be another approved color for the tailor. But any color will be somber, fashion dictates.

Fur again, with much emphasis when it is placed on suits. Short haired furs, such as seal, beaver and mink, are the favorite trimmings for the suit. A coarse, long-haired fur, however, is better and more approved for the heavy winter or velvet coat.

Three-piece suits are gaining a bigger and bigger following, not only because of the practicality, but because they have a style and an individuality all their own. A touch of georgette crepe and some in combination with an artistic hand at the eye and the needle of a master of the art of dress, will make any one a charming suit for fall days.

Mrs. J. P. King of Columbus, is the guest of Mr. and Mrs. Wallace, of the Hughes Terrace.

Mrs. Virgil DeGrieff will entertain the Ideal club at her home on South West street on Thursday afternoon of next week. This is the opening meeting for the year, and each member is urged to be present.

There will be a pie social at the South Lima Baptist church Saturday evening. Pie and cream. Every-

THE FAUROT'S PICTURES.
This is the last day of "The Quitter," the new Metro photoplay in which Lionel Barrymore is winning new laurels at the Faurot. There is smart action in every foot of this production, and many picturesque and colorful scenes photographed in a typical western mining locality. The story is distinctly novel, and has a twist and a surprise at the end that would do credit to an O. Henry masterpiece. Marguerite Skirvin, a charming new addition to the Metro forces, plays the opposite role to Mr. Barrymore in delightful fashion. The other important characters are acted by Edward Brennan, Paul Everton, Julius B. Coates, and Charles Prince. "The Quitter" is accompanied by a neat comedy, "Ducks in Ducks," with Max Figman in the leading role, and new Paramount Photoplays.

TWO PROVE GIRLS HIKE
500 MILES TO HEALTH.

DENVER, Colo., Sept. 5.—When physicians in Wichita, Kan., told Miss Marie Rainey and Miss Florence Bauer, telephone operators, they must give up indoor work for awhile and get out in the fresh air to preserve their health, the young women left their positions, purchased ice-cream walking outfit and started overland to Denver. They stopped a week in Colorado Springs on the way. The hike of more than 500 miles to Denver was made in three weeks' walking time.

Both young women now are radiant examples of health—strong, alert, sunburned. But they mean to take no chances yet on going home to indoor work again. They will stay in Denver awhile, living out of doors as much as possible.

Are You Looking Old?
Old age comes quick enough without inviting it. Come look old at forty. That is because they neglect the liver and bowels. Keep your bowels regular and you live healthy and you will not only feel younger but look younger. When troubled with constipation or biliousness take Chamberlain's Tablets. They are intended especially for these ailments and are excellent. Easy to take and most agreeable in effect. Obtainable everywhere. mo-w-fr

GERMANY FORBIDS PICKING OF UNCRIPPED NUTS.
BERLIN, Sept. 6.—The central food commission has prohibited the picking of green nuts, which formerly were used in large quantities for preserves in Germany. No nuts are to be gathered until they are completely ripe and yield oil.

The nut harvest, which is estimated at several thousand tons, may be confiscated by the government, so as to make sure that not a pound of the oil that can be obtained will be lost. In many districts the school children will be used to collect the hazel and beech nuts which grow abundantly in the forests and want to waste in time of peace, because the oil was not needed then.

GIRL STEALS LAFAYETTE'S GUIT TO MRS. WASHINGTON
WASHINGTON, Sept. 5.—General Lafayette's gift to Martha Washington, a rare old platter of unique design, has found its way into police court here. The old relic was found secreted in the room of a servant girl, who disappeared from the home of Miss Sophia Riggs Webster, a member of one of the city's oldest families. The platter, exhibited in court, when the girl was arraigned, bore the initials "M. W." carved neatly in the center of the dish, and around the edge were the names of the 15 states then in the Union. The girl pleaded guilty to theft and was paroled.

The gift was presented to Mrs. Washington by the French warrior, on one of his visits to the United States after the revolution, and is highly prized by Mrs. Webster, a lineal descendant of the Washingtons.

MAJOR BURKE HERE TO CONFIRM FACT OF CODY'S COMING

Buffalo Bill (himself) Will be in Lima Next Thursday.

Great Triple-decked Wild West Exposition of American History Certain.

Major John M. Burke, "United States," a world-traveled cosmopolite, has arrived. As an illustration of the truism that coming events cast their shadows before, in his qualifying of the announcement that Col. Cody, "Buffalo Bill" (himself), was again in the saddle, and after several years' absence would be here soon, questioned as to the fact, the major said: "Yes, Buffalo Bill, (now General Cody of the Wyoming national guard, where lately he has been assisting General Sneyd to prepare the range rider element in 'Preparedness') is coming allied with the newly constructed Miller Brother-Arlington Wild West and a government-endorsed military contingent, real furloughed United States soldiers from the Rio Grande, is the one sure bet that doubting Thomases must fight shy of."

most wrecked civilization, and wipes out Europe's two thousand years of progress, shows the fallacy of too much pacific passiveness; to be on guard is to be respected in these days of hysteria and insanity—so changeable that if the man from Galilee commissary magic at the loaves, wine and fish picnic occurred today, He would likely be arrested and condemned as a lawless moonshiner. So, Wake up, America, Stop 'Look' Listen' and Prepare."

"SOUL MATES" AGAIN: Last day at Royal, 3 reels, 5c.

HARROD R. D. NO. 3

Mrs. J. L. Schofield and son Gerald, accompanied Mr. and Mrs. John Sheller, of Ada, on a motor trip to Grass Lake, Mich., Saturday and visited with Alvin Sheller and family, returning home Monday.

Pearl Rambo returned to her home in Lima, Saturday afternoon, spending a few weeks at the home of her uncle, Noah Rambo.

Mr. and Mrs. John Hull, of Ada, are spending a couple of weeks with their daughter, Mrs. J. R. Harrod and family.

A. C. Rex and family were Sunday guests of S. T. Rex and family, of West Newton.

J. H. Benson and family and Miss Alice Crabb, of Lima, were over Sunday guests of C. J. Benson and family.

Mr. and Mrs. J. A. Ingledue and Mr. and Mrs. Noah Rambo spent Sunday afternoon with Jesse Ingledue and wife in Lima.

John Rambo, of West Newton, spent Sunday night with his cousin Melva Cookingham.

Madge Schofield spent Saturday night with her sister Mrs. Bonnie Cook and accompanied Mr. and Mrs. Cook to Lima Sunday where they spent the day with their sister Mrs. C. L. Yazel and family.

W. D. Coon and family were Saturday afternoon callers of B. F. Yazel and wife in West Minister.

T. W. Stubbs and family called on Noah Rambo and wife Monday afternoon.

Mrs. W. H. Stubbs and Mary Copeland spent Friday afternoon with William Copeland and family near West Newton.

Mildred Leatherman spent Friday afternoon with Mildred Benson.

GOMER

Mr. and Mrs. Rowlands of Pittsburgh are here visiting relatives.

Mrs. J. C. Jones and children of Ottawa were here last week for a few days.

Ethelbert Evans of Lima was here first of the week, guest of his uncle, Wm. L. Evans.

Mr. and Mrs. Frank Griffiths are the parents of a baby girl.

The Watkins family reunion was held at the Lima city park Wednesday, Aug. 30. The officers elected included T. J. Watkins, president; W. B. Watkins, vice president; Mrs. B. F. Pugh, secretary; Chas. Jones, treasurer.

Misses Margaret Thomas and

Evening Hugh and V. E. Watkins spent a few days with relatives at Van Wert last week.

The ball game on Labor day between Waynesfield and Gomer resulted in a victory for the former.

Miss Josephine Evans went to Harrod Monday to take up her duties as teacher in the high school.

Mr. and Mrs. Walter O. Roberts and Ellis Jones motored to Lyons, O., Sunday to spend the day with relatives.

Born to Mr. and Mrs. John Bourn, a baby girl.

Mr. and Mrs. Clarence Clevenger spent Sunday in Kalida.

Clear Bad Skin From Within. Pimples, muddy complexions are due to impurities in the blood. Clear up the skin by taking Dr. King's New Life Pills. Their mild laxative qualities remove the poisons from the system and brighten the eye. A ment in the morning is the reward full, free, non-grating bowel movement of a dose of Dr. King's New Life Pills the night before. At your Drugist, 25c.

WILSON ACCEPTS FISH HATCHERY GIFT FOR U. S.

WASHINGTON, Sept. 8.—President Wilson has signed a joint resolution of congress, authorizing secretary of Commerce Redfield to accept from Mrs. Mary A. Scully, of Boston, the gift of a trout hatchery, located about seven miles from Great Barrington.

The hatchery, one of the most modern in the world, comprises about 135 acres in the beautiful Berkshire hills of western Massachusetts and under governmental control its operation will prove to be one of the most profitable ventures yet made in fishery research. The establishment was founded by Mrs. Scully's husband, who was interested in fish culture as a means of recreation. Mrs. Scully's gift was prompted by the desire to have the plant maintained perpetually for the purpose to which it was originally dedicated.

PASSING CONGRESS SESSION DEALT WITH MANY TOPICS

Important bills passed by the sixty-fourth congress since last December include:

- Preparedness, Rural credits, Philippines, Child Labor, Vocational Training, Workmen's Compensation, Shipping, Good Roads, Emergency Revenue, Rivers and Harbors, Eight-hour Day Law.

Other important acts of congress were the ratification of the Nicaraguan and Haitian treaties, the confirmation of Louis B. Brandeis as associate justice of the United States supreme court, the rejection of the nomination of George F. Rabbee to the Federal Trade commission, and the defeat of the Gore and McLenore resolutions to tie the president's hands in dealing with the submarine crisis with Germany. Each of these acts involved warm controversy.

By far the biggest achievement of congress, in the opinion of leaders on both sides, was the passage of the preparedness program. This program was divided into six bills, which appropriated a total of nearly \$700,000,000 for the national defense.

The six preparedness bills were: the army reorganization bill, the naval appropriation bill, the army appropriation bill, the fortifications bill, and the naval and military academy bills. The army reorganization bill is designed to increase the regular army to approximately 175,000 enlisted fighting men and 11,000 officers, peace strength, and to raise the strength of the national guard to approximately 440,000 enlisted men and 17,000 officers. The army appropriation bill provides \$267,000,000 to pay for these increases.

The naval appropriation bill authorizes a three-year building program of 157 ships, including ten dreadnaughts and six battle cruisers and provides \$318,000,000 to pay the

first year's installment.

The rural credits bill, regarded by the administration as one of its biggest achievements, provided a farm loan system and created a farm loan board to supervise the system.

The shipping bill created a shipping board and provided \$50,000,000 for the purchase of ships to relieve the shortage of freight carrying facilities in foreign trade.

The child labor bill places a ban on the shipment of child labor products in interstate and foreign commerce.

The Philippine bill provides a more autonomous government for the Philippine islands. Its passage was delayed by a vigorous fight to declare for Philippine independence on a specific date.

The vocational education bill provides for federal aid to the states for training in agricultural pursuits and in the trades.

The workmen's compensation bill fixes the compensation to be paid to the United States employees injured or killed.

The good roads bill provides \$85,000,000 for federal aid to the states in the construction of good roads.

The emergency revenue bill is designed to raise approximately \$200,000,000 to meet the deficit in the national treasury.

The rivers and harbors bill appropriated \$13,000,000 for improvements to the harbors and waterways of the country. This was vigorously opposed as "pork barrel" measure.

The Nicaraguan treaty provided for the payment of \$3,000,000 to Nicaragua for canal and coal station rights.

The Haitian treaty established a protectorate by the United States over the republic of Haiti.

Eight-hour day law for railway employees engaged in actual transportation service and providing for operation on that plan.

Emergency revenue bill to raise \$200,000 for current expenses of government.

Purchase of Danish West Indies at cost of \$25,000,000.

No action was taken on the Columbian treaty after democratic leaders saw it probably would be rejected by the senate.

The most important legislation sidetracked until next session was the conservative program. The conservation bills will be taken up immediately after congress convenes next December.

The session was greatly prolonged by frequent and bitter debates over the issues growing out of the European war and the Mexican situation. Repeated attempts, notably the Gore resolution in the senate and the McLenore resolution in the house, were made to force changes in the presidential's foreign policy but the administration always managed to retain the whip hand.

The only important measure vetoed by the president was the army appropriation bill, which was quickly amended to conform to his views.

dent's foreign policy but the administration always managed to retain the whip hand.

The only important measure vetoed by the president was the army appropriation bill, which was quickly amended to conform to his views.

KILLED BY TRAIN.

SPRINGFIELD, O., Sept. 7.—A badly mauled body found along the Big Four tracks near Plattsburg today has been identified as that of William R. Way of Columbus, through a building and loan association book found in his pocket. The supposition is that he fell from a freight train.

How to avoid Operations

These Three Women Tell How They Escaped the Dreadful Ordeal of Surgical Operations.

Hospitals are great and necessary institutions, but they should be the last resort for women who suffer with ills peculiar to their sex. Many letters on file in the Pinkham Laboratory at Lynn, Mass., prove that a great number of women after they have been recommended to submit to an operation have been made well by Lydia E. Pinkham's Vegetable Compound. Here are three such letters. All sick women should read them.

Marinette, Wis.—"I went to the doctor and he told me I must have an operation for a female trouble, and I hated to have it done as I had been married only a short time. I would have terrible pains and my hands and feet were cold all the time. I took Lydia E. Pinkham's Vegetable Compound and was cured, and I feel better in every way. I give you permission to publish my name because I am so thankful that I feel well again."—Mrs. FRED BEHNKE, Marinette, Wis.

Detroit, Mich.—"When I first took Lydia E. Pinkham's Vegetable Compound I was so run down with female troubles that I could not do anything, and our doctor said I would have to undergo an operation. I could hardly walk without help so when I read about the Vegetable Compound and what it had done for others I thought I would try it. I got a bottle of Lydia E. Pinkham's Vegetable Compound and a package of Lydia E. Pinkham's Sanative Wash and used them according to directions. They helped me and today I am able to do all my work and I am well."—Mrs. THOS. DWYER, 929 Milwaukee Ave., East, Detroit, Mich.

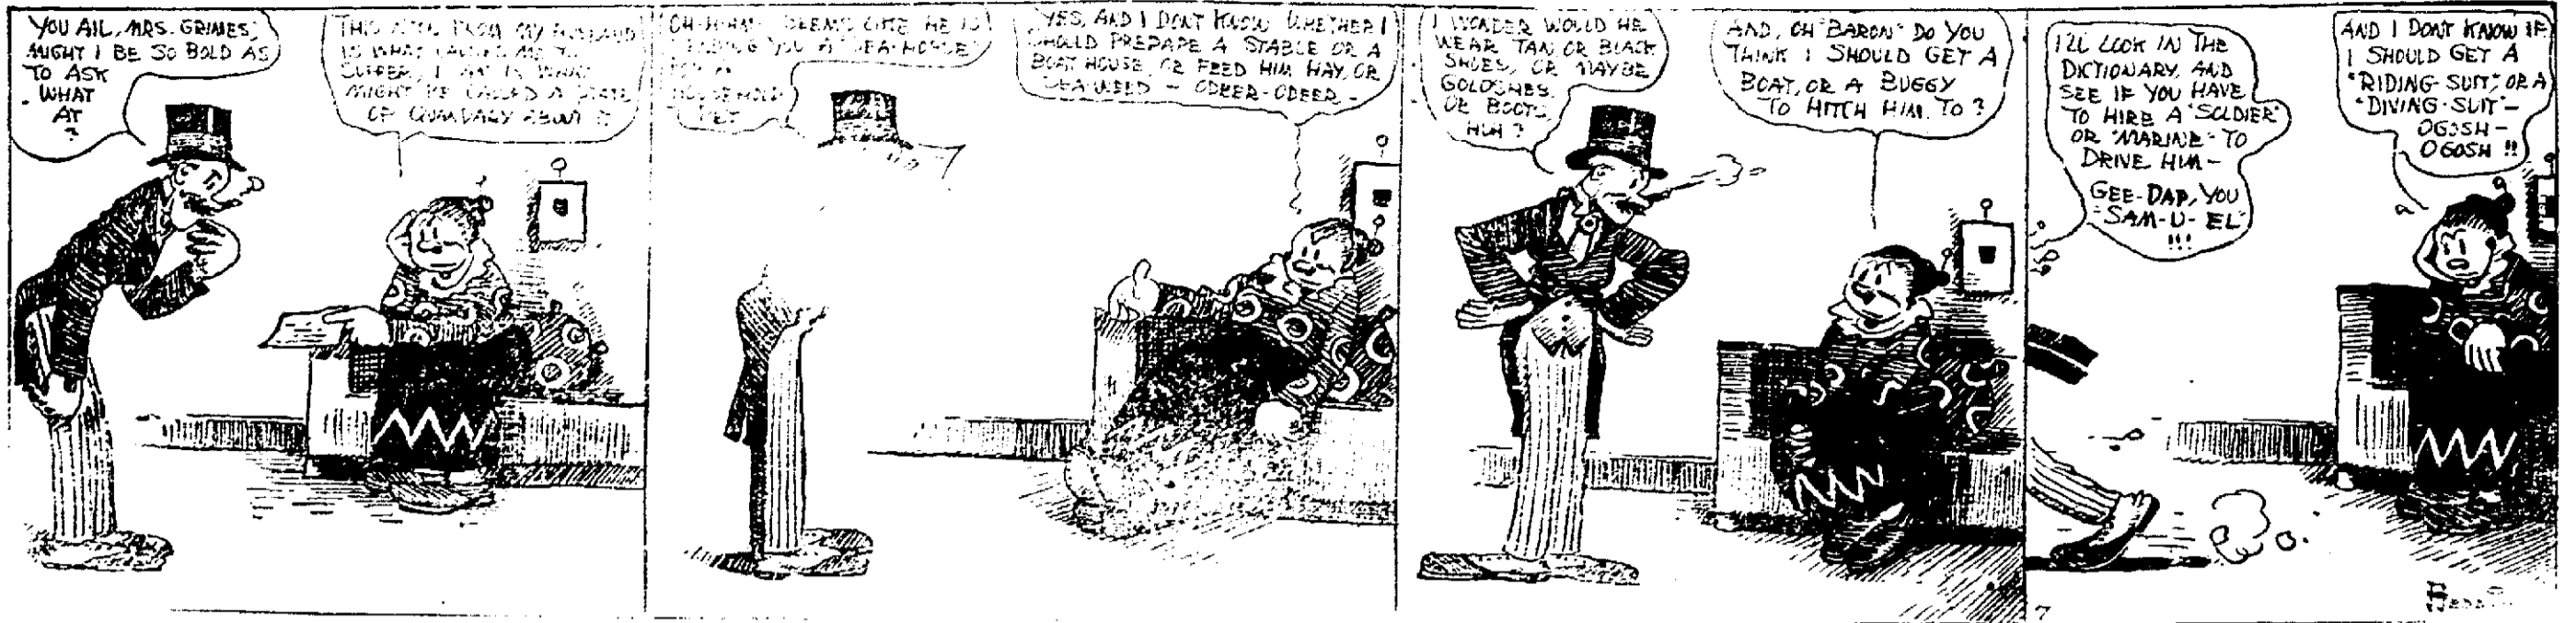

Bellevue, Pa.—"I suffered more than tongue can tell with terrible bearing down pains and inflammation. I tried several doctors and they all told me the same story, that I never could get well without an operation and I just dreaded the thought of that. I also tried a good many other medicines that were recommended to me and none of them helped me until a friend advised me to give Lydia E. Pinkham's Vegetable Compound a trial. The first bottle helped, I kept taking it and now I don't know what it is to be sick any more and I am picking up in weight. I am 20 years old and weigh 145 pounds. It will be the greatest pleasure to me if I can have the opportunity to recommend it to any other suffering woman."—Miss IRENE FROELICHER, 1923 Manhattan St., North Side, Bellevue, Pa.

If you would like special advice write to Lydia E. Pinkham Med. Co. (Confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

St. Marys Will Face Lima With Strong Line-Up

On information from the St. Marys ball camp, members of the Independents are preparing to face one of the most difficult teams encountered this season at Murphy street park next Sunday.

The visitors will be prepared in every way to give the Lima lads a trouncing, as they are sparing no pains in obtaining the best material in the vicinity of St. Marys to accompany them to this city.

However, the Lima independents with their strengthened line-up of the past couple of weeks feel confident that they will be able to give the visitors one of the hardest of the season.

Last year the same team played the Independents two games. The contests were both staged at Murphy street park and were considered the best of the season. One resulted in a tie at the end of 12 innings, and the other resulted in a close victory for the Independents after ten innings' play.

National Results

Brooklyn-New York.
NEW YORK, Sept. 8.—New York broke even on a four-game series with Brooklyn here yesterday by winning the fourth game, 4 to 1. Schupp permitted only two hits, and only 29 Brooklyn men went to bat.

Score:
Brooklyn . . . 0 1 0 0 0 0 0 0—1 2 3
New York . . . 0 0 0 0 4 0 0 0—4 6 1

Batteries—Rucker and Miller; Schupp and Rariden.

Chicago-Pittsburgh.
PITTSBURGH, Sept. 8.—Heavy hitting featured yesterday's game, Pittsburgh winning from Chicago 6 to 4. After yielding six hits and three runs, Packard was taken out in the second and Prendergast, who took his place, also was hit hard.

Score:
Chicago . . . 0 0 0 1 0 2 1 0—4 11 5
Pittsburgh . . . 1 2 1 0 1 0 0 0—5 12 6

Batteries—Packard, Prendergast, Carter and Wilson; Mamaux, Cooper and Schmidt, Fisher.

Philadelphia-Boston.
BOSTON, Sept. 8.—Philadelphia won both games from Boston yesterday, the first 4 to 2, and the second 2 to 0. In the first game Rixey allowed only one hit up to the seventh inning, when the home team scored their two runs on four singles and an error by Nichol. The second game was a pitching duel between Mayer and Hughes. Scores:

First Game:
Philadelphia 1 0 0 2 0 1 0 0—4 12 1
Boston . . . 0 0 0 0 0 0 2 0—2 6 1

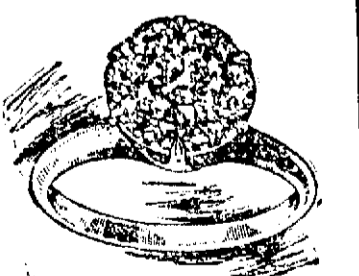

Batteries—Rixey and Kilmer; Ragan, Reubach and Gowdy.

Second Game:
Philadelphia 0 0 0 0 0 0 0 2—2 6 0
Boston . . . 0 0 0 0 0 0 0 0—0 5 1

Batteries—Mayer and Burns; Hughes, Barnes and Gowdy.

Speed Shown

INDIANAPOLIS, Ind., Sept. 8.—Predictions were made here today in Saturday's harvest races. Johnny Aiken, Wilbur D'Alene and several of the lesser lights have been showing some unlooked for speed in the preliminary running and have paved the track record of 38.5 miles an hour several times.

Toledo . . . 2 0 0 1 0 0 1 0—4 12 4

Batteries—Shierdel, Faeth and Stump; Bailey, Pierce and Sweetney, Wells.

SHORT SPORT

Are the Giants going to halt the Phillies in their mad rush toward the pennant? Or will the whirlwind Quakers steam roll them as they did the Dodgers and the Braves?

The results of the Braves-Dodgers and Giants-Phillies series which began today may have a decisive bearing upon the outcome of the race in the Toner circuit. If the Phillies can roll back the Giants while the Dodgers and Braves are breaking even, it will look more and more like the Phillies to snare the bunting.

When the clashes with the Giants are over the Morantes go back to their own band box park, where two base hits and home runs are easy to accomplish. If they get any sort of pitching the chances are they will increase their present lead.

The Red Sox continue to grip the top rung of the American league ladder. They are further in front today than for some time, due to the defeat of the Tigers yesterday.

SPORT NEWS BY HAROLD GENSEL

Cleveland Is Loser In Eighth

CHICAGO, Sept. 8.—Chicago fell on today in the eighth inning yesterday and aided by walks off him and Combe and a wild throw by Kavanagh, won from Cleveland 5 to 3. The Indians hit Faber hard but fast first in which Schalk started, kept 29 of their runs. Chapman turned an ankle running to first and was forced out of the game. Roth was expelled for protesting so vehemently on a decision. A stay of home by Wambegans was a feature.

Bases on balls, off Bagby 4, Combe 1, Faber 2, Hiss and earned runs, off Bagby 5 and 3 in 7-12, off Combe none and none (none out in eighth), off Morton none and none in 2-3 innings; off Faber, 11 and 1 in 9. Struck out, by Bagby 1, by Faber 1. Umpires, Owens and Dillen.

St. Louis-Detroit.
DETROIT, Sept. 8.—Detroit's pennant hope received a setback yesterday when St. Louis took the game from the locals 6 to 2. The generosity of the Tiger pitchers, of whom five were used, was responsible for the defeat. Thirteen visiting batsmen were given bases on balls.

St. Louis . . . 0 0 2 0 3 1 0 0—6 5 0
Detroit . . . 0 2 1 0 0 1 1 0—5 10 1

A Driver of Race Cars

Howard Wilcox, better known as "Howdy," is a real driver of race cars. He is one of the few who have finished in the money consistently and who can be depended on to give the best that is in him until the flag falls or he goes out of the race. Wilcox has won many races and finished in many more in the money. Several years ago his pet phrase was, "I don't build race cars, I drive them." And drive them he does, as was attested in the last 500-mile race on the Indianapolis track when he and Pete Henderson were the only Indianapolis drivers out of seven to finish in the money. He will be seen at the wheel of the same Premier car in the Hackett Auto Race Classic on the Indianapolis No. 3 Speedway on September 9 in competition with the star pilots of the world.

BARRY MAY GET INTO SIXTH WORLD SERIES IN 7 YEARS.

JACK BARRY!

If the Boston Red Sox win the American league pennant, and they have as good a chance of doing so as any club in the league, Jack Barry will participate in his sixth World's series in seven years. The little second sacker is out of the game now with a broken hand, but it is expected to mend sufficiently to permit him to play again before the end of the season.

Barry has already taken part in five world's series. And they have netted him about \$15,000 additional to his regular salary. Barry had his first taste of world's series gravy in 1910 when he played with the Athletics against the Chicago Cubs. In 1911 and 1912 Jack played second base for the Athletics against the Giants in the world's series in those years, and in 1914 did the same thing when the Athletics met the Braves. Last year he joined the Red Sox just in time to play in the world's series between the Sox and the Phillies.

New York-Washington.
WASHINGTON, Sept. 8.—Washington split even with New York yesterday, winning the first game, in which Galla outpitched Mogridge 5 to 1, and losing the second 3 to 2.

First game:
New York . . . 0 0 0 1 0 0 0 0—1 7 2
Washington . . . 2 0 0 0 2 0 1 0—5 9 2

Batteries, Mogridge and Alexander; Galla and Henry.

Second game:
New York . . . 0 0 0 0 2 0 1 0—3 8 1
Washington . . . 0 0 0 0 1 0 1 0—2 8 5

Batteries, Fisher, Shawkey and Walters; Ayers, Craft, Goodwin and Williams.

BOSTON-PHILADELPHIA.
PHILADELPHIA, Sept. 8.—Although outbatted and outfielded by Philadelphia, Boston won yesterday's game 2 to 0. The only scoring was done in the fourth inning when Janvrin got the only base on balls given by Nabors. Picinich threw wild to second on Walsh's bunt. Hoblitzel's out sent Janvrin home and Walsh stole third and scored on Scott's single.

Boston . . . 0 0 0 2 0 0 0 0—2 4 3
Philadelphia . . . 0 0 0 0 0 0 0 0—0 7 1

Batteries, Foster and Thomas; Nabors and Picinich.

SOME BOOSTERS

PERU, Iowa, Sept. 8.—A group of local boosters for the Chicago White Sox announced today that \$100 will be paid to every Sox that knocks a home run between now and the close of the season. This town produced Charles Comiskey and Manager Rowland and is strong for the Sox.

KEG SHOP DESTROYED.

YOUNGSTOWN, O., Sept. 7.—Flames springing from a mysterious source destroyed the keg shop of the Hercules Powder company, north of this city, today. Estimates of the loss vary from \$12,000 to \$15,000. This is the second fire at the plant in ten days.

MISSING GIRL FOUND

ALLIANCE, O., Sept. 7.—Found here today after an absence of three days, 21 year old Pearl Zanior, of New Brighton, Pa., was returned to her home this afternoon, after her alleged sweetheart, Harry McIntire had pleaded guilty to a grave charge and been fined \$200 and costs, or the alternative of spending three months in the work-house. The police located the couple. The girl alleges McIntire exerted a hypnotic influence over her. She was engaged to marry a Canton man.

Thirteen Out of Fifteen Industry Boys Play Tomorrow

NEW YORK, Sept. 8.—Nick Cullop's record of 13 victories in 15 trips to the mound give him top ranking among the American League twirlers this season. The southpaw was a Federal league phenom last season. He had the portside hurriers in the Gilmore circuit.

The Yankees paid \$12,500 for Cullop and quite a few folks at once ejaculated "stung." Nick showed his resentment by going out and winning his first ten games. He lost the eleventh—an extra inning affair to the Tigers. Then, after a layoff on account of injury, he returned to win three in a row. The next game he lost was Aug. 25, when the Browns drove him from the mound.

Here is Cullop's record up to August 27:

April 19, Cullop 4, Athletics 2.
May 11, Cullop 2, White Sox 1.
May 25, Cullop 7, Browns 5.
May 31, Cullop 8, Athletics 7.
June 5, Cullop 3, White Sox 2.
June 13, Cullop 4, Detroit 2.
June 18, Cullop 19, Indians 3.
June 23, Cullop 5, Senators 1.
July 6, Cullop 4, White Sox 3.
July 11, Cullop 8, Indians 2.
July 14, Cullop 2, Tigers 4.
August 6, Cullop 4, Tigers 2.
August 14, Cullop 4, Athletics 3.
August 21, Cullop 6, White Sox 2.
August 25, Cullop 2, Browns 5.

STANDING.
Clubs Won Lost Pct.
East Iron 9 3 .750
Garfords 5 6 .455
Locomotives 4 5 .444
Delsel-Wemmer 4 7 .364

The East Iron and Locos will battle for the first contest of the afternoon tomorrow at Murphy street park. The game will be called promptly at 2 o'clock. Williams will do the twirling for the East Iron club. An "unknown" will occupy the box for the Locos.

The Garfords and Cigarmakers will play the second game of the afternoon. The latter club is trying hard for a better position in the standing of the league. Westby or Bowman will do the twirling for the Cigarmakers, while Frazler will work for the Garfords.

Another Match

COLORADO SPRINGS, Colo., Sept. 8.—Freddie Welsh is willing to meet Charley White again for any number of rounds that the challenger wants up to 45, according to Harry Pollok, the champion's manager.

"The only condition is that Freddie get the same amount that Willie Ritchie got when he lost the title, \$26,000," said Pollok.

An effort will be made to have the show staged at Tia Juana race track.

DUTY

Of Every Patriotic Citizen

IS TO KNOW THE TRUTH ON PUBLIC QUESTIONS AND TO BACK IT

The taxpayer who is negligent of his public obligations is not only a loser financially, but a detriment to the state.

Citizens who are careless of public matters foster a public sentiment of indifference to the affairs of the government, and that's just when the grafters have an opportunity to start operations.

When the condition of the governmental machinery is of so little interest to the taxpayers, is there any wonder that taxes are high, bond issues frequent, service in public departments poor and the men in office interested more in politics than in efficiency?

The citizen who is patriotic as well as sensible always makes it a matter of special attention to KNOW the right and the wrong on every proposal affecting public affairs. If taxes are involved, he finds out the extent. If expenditures of funds are involved, he ascertains the proper amount and watches all attempts to use more than enough. If supplies or equipment or anything else must be purchased, he sees that there is no unreasonably high price to be split between agent and official.

As long as there are in every community men who are willing to investigate the truth on public matters, the community is fortunate. The good taxpayer is a guarantee of efficiency and the barrier to corruption.

Are YOU making it a point to learn the truth on all public questions? Are YOU learning the facts on such important matters as bond issues? Do YOU understand the phases involved in a proposal to issue nearly a million dollars worth of bonds to purchase the local phone system for a municipal plant?

**THERE ARE STILL
MANY FOLLOWERS
OF QUEER BELIEF**

Watch the Moon's Position
When They Plant Crops or
Reshingle Barn Roofs.

Underground Crops Should
be Planted in Dark of Moon,
Others in Light.

Superstition? The department of agriculture, with fine scorn, says it is. But the heritors of the wisdom of the Pennsylvania Dutch reply:

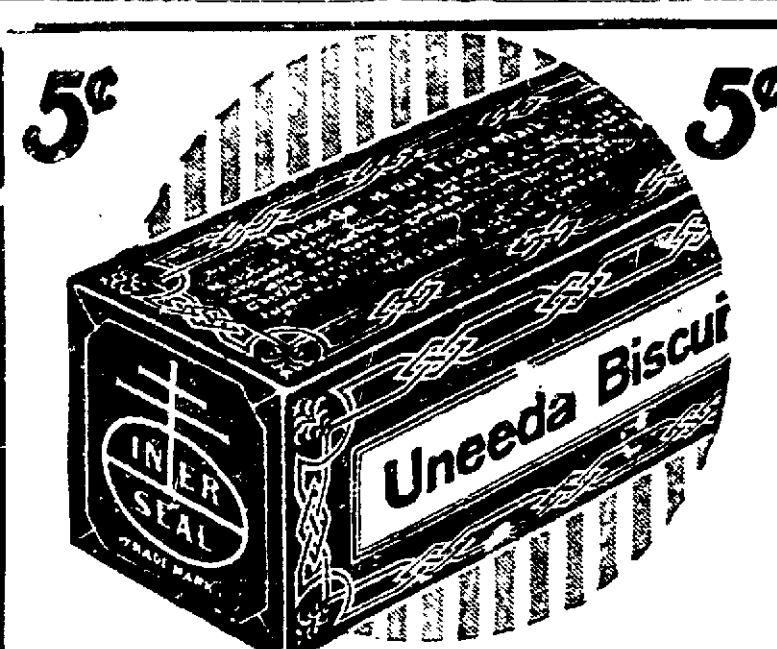

"The young men of the department of agriculture do not know. Probably they have never tried it for themselves. Anyway, whether you plant in the light or dark of the moon makes all the difference in your crops."

The ancient theory is this: Everything which grows under the ground, like potatoes, should be planted in the dark of the moon. Everything which grows above the ground, say lettuce, for instance, should be sown in the light of the moon.

Scientists have been trying to break down the belief in this theory of vegetation for these many years, but there are plenty of people scattered through the United States who hold to it tenaciously.

There is a Kansas City business man who has grown gray in the promotion of big projects and incidentally has accumulated a competence for himself. He has managed large corporations which have gone into mining and industrial centers of the west and made fortunes for (himself) Kansas City stockholders. Long before the efficiency engineers of the modern business world was dreamed of this man had the efficiency theories in practice. He knew how "to cut corners," his associates said, and they attributed the profits of their ventures to the manager's ability in every case.

This man believes in the old theory of the moon affecting crops.

The all-weather food

In summer, Uneeda Biscuits are eaten by the millions of packages, because they are the ideal hot-weather food. But they are just as ideal a cold-weather food. In winter, good health demands warmth-creating food elements. Uneeda Biscuits possess these elements in a higher degree than any other flour food. Eat them for their nourishment. Eat them for their flavor. Eat them for their goodness.

NATIONAL BISCUIT COMPANY

ory of the moon affecting crops.

Tells His Experience.

"I ran a big alfalfa and corn ranch out in Kansas in connection with another enterprise," he said the other day. "We were drilling for oil, and where we could not get leases we bought several quarter sections that were needed to complete our field. It seemed foolish to let this land, on which there were only half a dozen oil wells, lie idle, so I decided to farm it. The corn and alfalfa were a by-product of our oil business, in other words.

"There was no corn and no alfalfa in that section of the state so good as ours. Of course we farmed the land properly. We practiced fall plowing and deep plowing and we cultivated the corn and kept it free of weeds. But some of our neighbors, who had just as good land and the same thing and failed to get the good crops we did. The difference was that I planted according to the moon theory and they did not."

This Kansas City man's friends were Pennsylvania Dutch, and it was from his father, before he came west, that he learned not only how the growing of crops, but other farm operations, were affected by the moon.

and woefully, and the action of the foot in winter forced the posts out of the ground. The sections built in the dark of the moon, on the other hand, seemed more firmly imbedded than when they first were put together. The posts seemed to strike down into the ground like a plant going after water. I have never forgotten that lesson.

"If you want fine flowers, plant the seed or set out the plants in the light of the moon and you'll have the best results."

"But the department of agriculture..."

"I've heard that story for 10 years," the Kansas City business man replied, "but I've seen the moon's results for 40 years."

"How do you explain it?" he was asked.

"I don't explain it," he answered. "I merely tell you what I know." — Kansas City Star.

Don't Neglect Your Cold.

Neglected colds get worse. Instead of better. A stuffed head, a tight chest must be relieved at once. Dr. Bell's Pine-Tar-Honey is Nature's remedy. Honey and glycerine heal the irritated membrane, antiseptic tar loosens the phlegm, you breathe easier and your cold is broken up. Pleasant to take, Dr. Bell's Pine-Tar-Honey is an ideal remedy for children as well as grown-ups. At your druggist, 25c.

FUR SEAL HERDS ON PRIBILOF ISLANDS GROWING

WASHINGTON, Sept. 8.—Growth in the size of the fur-seal herds of the Pribilof Islands is shown by a census now being taken by Dallas Hanna, of the bureau of fisheries. Mr. Hanna's inspections on St. George's Island, of the Pribilof group, revealed 532 harems and 354 idle bulls, almost double the number last year. On St. Paul's Island there are 2,748 harems and 2,278 idle bulls, an increase of about 30 per cent over last year.

Constipation, Father of Many Ills.

Of the numerous ills that affect humanity a large share start with constipation. Keep your bowels regular and they may be avoided. When a laxative is needed take Chamberlain's Tablets. They not only move the bowels, but improve the appetite and strengthen the digestion. Obtainable everywhere. — m-w-2

ELYRIA—Persons arrested here for intoxication will not be released when they are unable to pay fines, as heretofore, but will be put to work on the streets at 15 cents per hour to work out their penalty if an ordinance drafted by council is passing the light of the moon were shaky.

G. E. BLUEM

Final Clean-Up of Summer Dresses, Suits and Skirts Saturday--at Bluem's

\$6.50 to \$15.00 Dresses and Middy Suits Go at \$2.95 Each

25c or 50c

It's such a small amount—hardly worth mentioning—still that quarter or half dollar, if planted right, would grow and grow and GROW!

Rockefeller started with just one barrel of oil—The Astor fortune was built around a single fur pelt—And so on with most great fortunes—they all started small—got the THRIFT habit early and SAVED.

It's so easy when once you got started—

Come Tomorrow Join My Thrift Club Save a Diamond

Hundreds are Now Thrift Club Members

Though but a few weeks old hundreds and hundreds of thrifty men and women have become members of the Thrift Club. All are enthusiastic—all are urging their friends to join. Decide NOW to come here tomorrow.

25c Secures a genuine sparkling \$25 Diamond—the best value ever offered. Distinctive settings for both ladies and gentlemen. 50c a week takes care of the balance.

50c Secures a handsome blue-white \$50 Diamond of unusual value and quality. Choose from hundreds of mountings for ladies and gentlemen. \$1 a week takes care of the balance.

It's My Thrift Club Saving Plan!
